

JACKSON COUNTY SENTINEL

VOL. 21. No. 15

GAINESBORO, TENN., THURSDAY, APRIL 10, 1919

ONE DOLLAR A YEAR

HIGH SCHOOL NOTES.

The Jackson County High School is holding up well, both in regard to interest and attendance, despite adverse conditions. It is understood, however, that some of the high school boys will stop soon to take up farm work. Spring fever and farm work may cut into our numbers considerably during the remaining weeks.

Work during the past month has been very good, as is shown by the good grades made in the monthly tests, which were held last week. The following are some of the best: Lillie Brown Gist, Rosa Gaines and Reba Smith made a's in first year English. Freeman McGlasson and Nola Quarles made A's in physiology. In higher algebra Freeman McGlasson made a.

The Wilsonian Literary Society is doing good work, and is planning an extensive program for commencement. It has not been decided what the exact nature of this program is to be. Some members favor a play as the principal feature. A joint debate or an oratorical contest between the two divisions is also being considered.

The athletic club was reorganized some time ago, and has turned its energies from basket ball to base ball. The team was organized as follows: Catcher, Joe Spivey, pitcher, Joe Reeves, sub. Willis Fuqua, first baseman, L. E. Broome, second baseman, John Landon Quarles, third baseman, Joe Myers, shortstop, Lee Sadler Darwin, left field, Willie John Butler, centerfielder, Freeman McGlasson, rightfielder, Gobel Brooks. With the above team the Jackson County High School is confident that it can come off victor in a contest with any team in the county. We have tried to get a game with several schools, but so far have been unsuccessful. If any team in the county is interested in a game with us, write Willis Fuqua manager. We are ready and waiting to meet any and all teams who care to face us.

Honor Roll for 5th and 6th grades.

Excellent Department.

Vivian Reeves, Lucille Gist, Mary Smith, Louise Settle, Doris Johnson, Ione Young, Georgia Whitaker, Allice Elizabeth Tardy Raymond Dudney.

Good Department.

Rose Sadler, Morgan Johnson, Georgia Dudney.

Parents, I am going to have the names of all pupils published beginning next week who make average grades daily and test above 85 per cent.

Help me by offering a reward to your child if his name is on for grades and good deportment, and punishment if it is not.

I am glad to say that most of the pupils in my room are doing excellent work now, but a few are not.

Your interest means success or a failure for your child. Would be glad to have you visit our room any time. It stimulates the children and the teacher wonderfully.

Honor Roll Room 1, week ending April 4.

Quotations from Tennyson, Society.

Music, Miss Morgan.

Story, T. L. Gist.

Anyone who is willing to take a part in the program would be a desirable member.

JACKSON COUNTY BOY MAKES GOOD.

W. E. Stephens, of Nashville, spent the week-end with his mother near Rough Point. Mr. Stephens is superintendent of the Washington Mfg. Co., having held this responsible position for ten years. During this time his company has grown from a small concern to one of the leading industries of Nashville, employing several hundred women and girls. They have recently purchased a lot in East Nashville, on which a modern two story brick building, 80x200 feet, will be erected. The company contemplates doubling their working force this year, and as business increases will build additional buildings. The company manufactures one of the best lines of work shirts, handkerchiefs and elastic goods on the market.

F. L. Tardy and B. L. Quarles were in Nashville several days this week in the interest of the Fifth or Victory Liberty Loan.

Mr. Quarles who has been Chairman of all the Liberty Loans heretofore, has resigned, and Mr. Tardy will probably be appointed in his place. An organization for the Victory Liberty Loan will be perfected there this week.

Dr. H. P. Loftis sustained several bruises and cut on the leg and knee Monday, when he was knocked down by a bicycle. McKinley Rush, an inmate of the jail, while out on an errand, decided to take a little joy ride on his wheel, and in making the turn at the corner of Dennis' grocery he collided with the doctor, who was standing talking to a friend. They all fell in a pile, with the doctor on top, which probably saved him from being badly hurt. Rush was slightly hurt, while the bicycle was demolished.

JACKSON COUNTY AGAINST BONDS.

A mass meeting was held at the courthouse Monday at one o'clock for the purpose of instructing representative W. A. Overton, how the people of this county desired him to vote on the \$50,000,000.00 bond issue. The meeting was called to order by Hon. W. A. Overton. Dr. S. B. Fowler was elected chairman and H. Grady Gore secretary. There were several forceful addresses made in opposition to the bill. Esq. J. L. McCarver moved that the meeting go on record as opposing the passage of the bill, and that representative Overton be instructed to cast his vote against it. The motion was placed before the meeting and carried by a unanimous vote. McCarver also moved that the meeting condemn the action of Gov. Roberts on this measure. This motion was opposed, but finally carried.

QUARTERLY COUNTY COURT.

April term of quarterly court convened Monday. The morning session was hurriedly disposed of on account of the mass meeting in the afternoon. Outside of electing several notary publics in various districts, the business was general routine.

Mr. Ingington, of the University of Extension at Knoxville, addressed the court in regard to them voting an appropriation for an agricultural or county agent. The proposition was ignored, not even mentioned after Mr. Ingington's address. Thus, Jackson county has again been deprived of having a county agent. Still the county is paying, or helping to pay the salary for agents in other counties. It seems that the J. P.'s are not giving this matter the proper thought. If it was left to a vote of the people of the county, they would vote to have a county agent. The progressive and industrious farmer, who wants to get all out of his land that it will produce, ought to get busy with his justice of the peace, and demand that he cast his vote for the appropriation. The farmers of the county are making a big mistake in letting these opportunities slip. A county agent will be worth more to you in 6 months, than the county court will save you in 6 years, by not making the appropriation.

OKLAHOMA LETTER.

Texola; Okla.
April 2, 1919.

Dear Sentinel:

As I haven't seen anything from Oklahoma since cousin Willis Loftis wrote, I will try to write a few lines.

I received the Sentinel yesterday, and I am always glad to get the dear old county paper. The first three places I look for is Flynn's Lick, Fort Blount and Granville, but I hardly ever see anything from them. Please write something for the paper from some of these places.

I notice that J. M. Johnson, of Flynn's Lick had returned home from Nashville, where he had taken his daughter, Rose Johnson, to have her tonsils and adenoids removed. I was sorry to hear that. Rose you have my sympathy.

I deeply regretted to hear of Brother William Bain Smith's death, but that is a debt we all have to pay sooner or later. Cousin Rosalie Johnson, you give Brother Smith such a nice write up. I hope you have got strong by this time. My wife and I still remember the good time we all had at Mrs. Johnson's eating fish. We think of going back about next year.

M. A. Loftis.
